DETAILED ACTION

Claim Rejections - 35 USC § 102

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-3 and 5 are rejected under 35 U.S.C. 102(b or e) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Murphy et al. US 2002/0010291 or Boussand et al. US 2004/0116615.
3. The rejection set forth under 35 USC 102 and/or 103 in the paper mailed 10/3/06 is deemed proper and is herein repeated.
4. Applicants arguments and the remarks filed in support thereof have been fully considered but have been found not persuasive.
5. With respect to these rejections applicants argue that the ionic liquid is used as a solvent for the catalyst. Applicants allege that the ionic liquid is removed once the polymerization is completed. This is not persuasive. The claims have no minimum amount of ionic liquid and as such read on trace amounts. Here it is reasonable to presume that 100% of the ionic liquid is not removed and trace amounts remain. As such, the claims are anticipated or obvious from the examples of these patents.

Election/Restrictions

6. Newly submitted claim 7 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the articles are related as intermediate final product relationship.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 7 withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
